# Maximum safety with BERINGER Anti-skid ALIR

**ALIR**

**Anti-skid in  
Line  
Regulator**

We invite you to come and discover our ALIR  
Anti-skid system at EAA AirVenture:  
BERINGER, Booth #437

The ALIR allows:

- Emergency braking IN LINE
- Maximum control of the braking
- Shorter landing at maximum safety and for all the pilots

**Most Aircraft, LSA, glider, that can be equipped with the ALIR**

**TUBELESS WHEELS → less puncture risks**

**1985-2010  
BERINGER®  
company  
celebrating our  
25th anniversary.**

**www.beringer-aero.com**

Conforms to standard TRA 2007 (tire and rim association)  
BERINGER company is 2009 approved by EASA  
European Aviation Safety Agency
